

RV CHECKLIST

Opening the Camper for the Season

- ☐ Return all the things you took out of the camper for the winter (any items that shouldn't freeze, like batteries, and liquids)
- ☐ Check the batteries in all the flashlights, headlamps, and lanterns
- ☐ Check the fire extinguisher
- ☐ Check the batteries in the fire alarm, replace if needed
- ☐ Check the batteries in the carbon monoxide detector, replace if needed
- ☐ Air out the camper and all the linens
- ☐ Make sure no critters took residence in your camper over the winter
- ☐ Look for signs of water damage and leaks
- ☐ Check the propane tanks
- ☐ Flush water through the lines
- ☐ Ensure all taps, and toilet are working properly
- ☐ Do a quick inventory of your first aid kit, replenish if needed
- ☐ Do a quick inventory of your tool box
- ☐ Make sure all electrical components are still in good working condition:
 - ☐ All slides are working
 - ☐ Fridge, stove, heaters, microwave, etc
- ☐ Check the trailer tires
- ☐ Hook the trailer up and check the lights and brakes
- ☐ A quick inside clean:
 - ☐ Wipe surfaces
 - ☐ Vacuum
 - ☐ Wash the windows
- ☐ Do an inventory of the camping gear already in the camper and make lists of what needs to be replenished or replaced
